### 3) AB 109 IMPLEMENTATION PLAN APPROVAL

Mark Hake stated that he is pleased with the revised implementation plan dated October 28, 2014 (handout). The plan will need to be approved by the Board of Supervisors in order to submit it to the state by the December deadline. He entertained a motion to adopt and approve the County of Riverside Public Safety Realignment & Post-release Community Supervision Implementation Plan. The motion was made by Steve Harmon and seconded by Jerry Wengerd. The motion passed as follows:

Aye: Hake, Harmon, Sniff, Wengerd

Nay: None

Absent: Coe, Zellerbach

Abstain: Hamrick

Mark Hake requested that all of the CCPEC members ensure they sign the two original copies of the implementation plan prior to leaving the meeting.

### 4) PAROLE REVOCATION HEARING – WILLIAMS VS. SUPERIOR COURT

Mark Hake stated that Commissioner Judy Fouladi brought the Williams vs. Superior Court case to the attention of the Probation Department. Assistant Division Director Jason Beam provided an overview of the new case law and how it may affect revocation hearings within Riverside County. The Superior Court ruling indicated that an arraignment must take place 10 days after an arrest, a probable cause

hearing must occur within 15 days of an arrest, and the final hearing must be held within 45 days of an arrest.

Assistant Division Director Lori Wilson met with staff from the Public Defender's Office, Sheriff's Department, State Parole, and the Courts to discuss the procedures as related to this ruling. She summarized the Probation Department process in regards to flash incarcerations, violations, and revocation hearings. Lori stated that these deadlines should not be an issue as they normally abide by them. She has met with Probation Department staff to review the modifications that will need to be done to the reports in regards to non-custodial sanctions.

### 5) $4^{\text{TH}}$ ANNUAL CONFERENCE ON PUBLIC SAFETY REALIGNMENT

Mark Hake stated that the 4<sup>th</sup> Annual Conference on Public Safety Realignment will be held in Sacramento on January 22-23, 2015 (handout). He advised that in previous years, the Probation Department coordinated attendance to the conference due to a group discount rate. This year, a group discount is not being offered, therefore each agency will need to coordinate registration, hotel and travel arrangements, and then submit reimbursement claims to the Probation Department in compliance with County Policy D-1. Chief Deputy Doug Moreno reported that he will forward more information to the agencies once he receives it from the Joint Training Partnership.

### 6) CCPEC 2015 REGULAR MEETING DATES

Mark Hake reviewed the proposed Regular Meeting Dates for 2015 (handout). He advised the meetings were scheduled quarterly with additional dates added to ensure enough time to approve a budget for FY 2015/16. Mark Hake entertained a motion to approve and calendar the regular meeting dates. The motion was moved by Stan Sniff and seconded by Steve Harmon. The motion passed as follows:

Aye: Hake, Harmon, Sniff, Wengerd

Nay: None

Absent: Coe, Zellerbach

Abstain: Hamrick

He stated that the Community Corrections Partnership (CCP) met on October 22, 2014, and they will resume the responsibility of reviewing the service gaps for the BSCC Community Recidivism Reduction Grant.
  - Ron Miller reported the Measurable Goals Workgroup is also working on the Scope of Work for an assessment and evaluation of Riverside County's implementation of realignment.
- b) Fiscal Doug Moreno reported that the Fiscal Workgroup recently completed the First Quarter Report and is in the process of scheduling a meeting to determine the actual cost of realignment for Riverside County.
- c) Health and Human Services Deputy Director Deborah Johnson advised that the Health and Human Services Workgroup meets quarterly. She stated they are working to get the probation sites certified so they can provide treatment onsite.
- d) Court Sam Hamrick is not aware of a Court Workgroup currently meeting. Mark Hake stated that this workgroup was formed early on to work out the processes with the courts.
- e) Day Reporting Center (DRC) Division Director Maria Barajas advised the Riverside DRC is in the process of moving to the new location on Iowa and it will open for business on Monday, November 3, 2014. She is hoping the Southwest DRC will open early 2015.

2. Provide a summary of AB 109 activities performed during the reporting period (if desired, copies of the monthly CCPEC reports may be attached).

The collaboration and coordination of local law enforcement agencies is essential in ensuring the successful operation of the AB109 program. Multi-agency Post-release Accountability and Corrections Teams (PACT) were established to augment efforts to supervise high-risk offenders and apprehend absconders. The primary mission of PACT is to allow local law enforcement agencies to work with the Probation Department to focus on "high risk" and "at large" PRCS offenders that pose the most risk to public safety. There are currently three (3) PACTs operating in the West, Central, and East regions of the county dedicated to identifying, investigating, locating and apprehending "non-compliant" PRCS offenders.

1. Description of current budget status, including any known or potentail problem areas within the budget and options and/or recommendations for addressing these issues.	The spending plan for the Sheriff's Department included funding to help mitigate the impact of Realignment inmates in the local jails, provide for new and enhanced alternatives to incarceration, and deliver meaningful programming to incarcerated Realignment inmates in an effort to provide tools for their successful return to the community. Most of the funding budgeted for related salaries and overtime costs are on track to be exhausted, however savings are related to phased-in funding for contract beds. through our fire camp program and other facilities, are now in place and their numbers are expected to continue to increase during current fiscal year. A number of facility improvement projects, which are made necessary by the specific needs and nature of our growing Realignment population, are expected to be completed this fiscal year.

This expenditure report includes actual costs incurred by Health and Human Services (HHS), including Department of Mental Health, Community Health Agency, Riverside County Regional Medical Center. HHS has made significant improvements in the tracking mechanism and is now more accurately reporting the costs related to AB 109. Efforts to create service access are ongoing and staff recruitment is ongoing.	One of the current challenges is being able to determine overall needs of this new population in order to plan for services and determine impact on the county resources. As the current review process becomes more standardized, as staff are hired to provide services, and as mechanisms to identify AB 109 clients are finalized, we will be able to identify the impact on the county resources and sufficiency of funding. RCRMC projects to exceed their current funding of \$2.7 million.	It would be helpful to receive a complete list of all AB 109 clients that have been sentenced after July 1st with identifying information (SSN, DOB). It would also be helpful to receive a list of all AB 109 clients that have been released by the State and returned to Riverside County whether they have been identified initially as needing mental health services or not, because some of the clients just shows up at existing service offices on their own without specific referral. It is also important to have Fiscal contacts meet regularly and be included in ongoing discussions regarding improvements to tracking of AB 109 clients.

RE: AB 109 Impact Update

Since State Prison Realignment under AB 109 went into effect, the jails in Riverside County have experienced a substantial increase in inmate population. As of this morning, our jail population stood at 3,772 inmates, or 96% of our maximum capacity (3,914 beds). In the first week of January 2012, our facilities hit maximum capacity, requiring us to initiate releases pursuant to a federal court order to relieve overcrowding. These types of releases have continued since that time. In 2013, 9,296 inmates were released per the court order, a 33% increase over the 6,990 released in 2012. Year-to-date for 2014, 10,885 have been released per the court order. In addition, we are utilizing alternative sentencing programs such as Fire Camp and SECP (electronic monitoring).

Inmate bookings since AB 109 went into effect which are directly related to realignment are:

### Parole Violations (3056 PC)

Total booked to date is 10,947 (7,162 booked for violation only; 3,785 had additional charges) The number of 3056 PC only inmates currently in custody is 108.

### Flash Incarcerations (3454 PC)

Total booked to date is 1,944. The number of these inmates currently in custody is 7.

### Post Release Community Supervision (PRCS) Violations (3455 PC)

Total booked to date is 5,118 (2,415 booked for a violation only; 2,703 had additional charges). The number of 3455 PC only inmates currently in custody is 100.

### Inmates Sentenced under 1170(h) PC for Felony Sentence to be served in County Jail

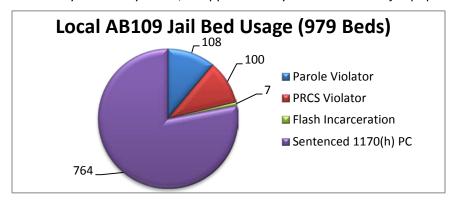

The total number of inmates sentenced per 1170(h) PC is 8,764. The number of these inmates that remain in custody is 764, or approximately 20.3% of the total jail population. 448 of these inmates have been sentenced to 3 years or more, with the longest local sentence standing at 13 years.

The total number of 1170(h) Fire Camp participants is 51.

Since January 2012, there have been 527 full-time SECP participants. There are currently 88 participants.

### Summary
